PRAYER FOR MEXICO

We pray to you, O God,

for the people of Mexico, as they struggle to limit the steep increases of COVID Cases and rising death rate.

We pray to you, O God,

for the people in the cities and villages, and for their health and support services.

In this time of high unemployment, uneven access to essential services and increased poverty, we pray for them, our sisters and brothers.

In human solidarity, we pray for them.

Amen
