

## DAY OF PRAYER

Each day in this Month of November across our nation  
We pray to you, our God, for the gift of life-giving rain.

We turn to you, our God,  
For those threatened this day by a dry land,  
Low humidity, high temperatures, strong winds,  
And extreme fire alerts in parts of our land.

We turn to you, our God, and ask your help this day.

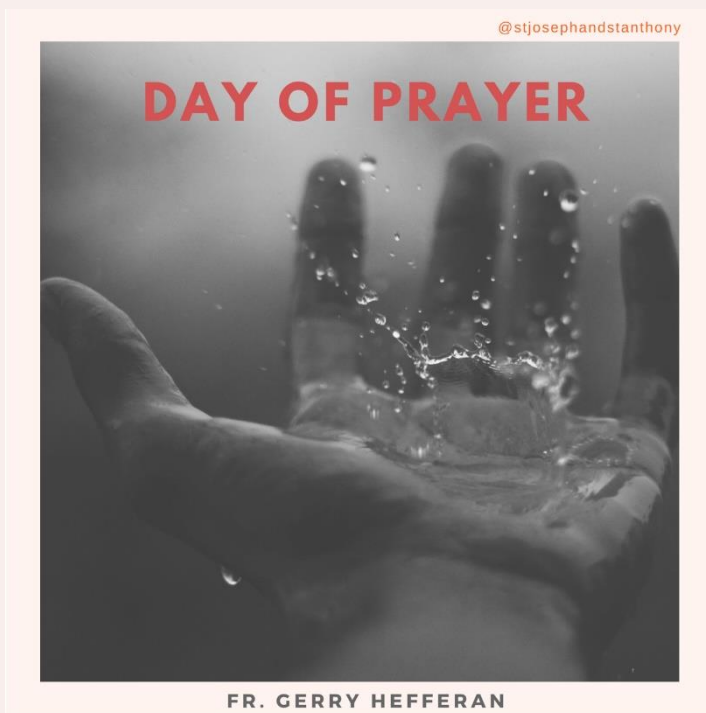

We are family.

Wherever we are and whatever we do today,  
We pray for our sisters and brothers  
Threatened by bushfires and breathing difficulties.

We pray for the many dedicated people fighting fires,  
And those providing emergency assistance.

We turn to you, our God,  
In this hour of need for members of our human family.

Amen
