

PRAYER FOR ECUADOR AND JAPAN

We pause to remember in prayerful solidarity,
members of our international human family who died on the weekend,
In Ecuador's 7.8 earthquake and in the double earthquake in Japan.

We pray for the families and neighbours, grieving for the deceased
And we pray for the survivors, recovering from trauma and injuries.

We ask you, O God, to help the emergency services
Still searching through rubble and landslides for survivors,
And the security and counselling support teams.

We pray for the medical staff working out of mobile health clinics
For the ongoing identification teams,
For the workers restoring services,
And for all who are assisting in any way.

O God, hear our prayer.

Fr. Gerry Hefferan
