

ALL SOULS DAY, 2ND NOVEMBER 2021 & CORONAVIRUS

We pray to you, O God
for over five million people
who have been recorded throughout the world
as having died from COVID-19.
And we pray for those people
whose COVID deaths were not recorded.

We pray for their families and friends
In their mourning.

We remember people at the frontline
who died while caring for others.

We pray to you, O God
for those people still in COVID denial,
and putting the health of the community at risk.
We pray for their change of heart and mind,
as we pray for common good and health of all
people.

We pray to you, O God for our human family.
Amen.

Father Gerry Hefferan
