

Mexico Earthquake Prayer

We pray to you, Jesus,
for our sisters and brothers in Mexico, including areas
around Puebla State, Mexico City, Mexico State, Morelos
State and Guerrero State.

We pray for neighbours and rescue teams searching through
building rubble for people.

We pray for those who have died.

We pray for the survivors and their families.

We pray for emergency onsite medical personnel and hospital
staff nearby.

We pray for those working on power restoration,
and those providing shelters, clothing, food and clean water.

We pray for ambulance, fire brigade, gas workers and
construction workers.

We pray for emergency coordinators, relief workers, police,
community agencies, and those providing Church pastoral
support.

We turn to you Jesus, in prayer.

Amen
