

# AN URGENT PRAYER REQUEST FOR UKRAINE

FROM FATHER GERRY, 4 MARCH 2022

---

Russian military forces have been attacking Zaporizhzhia Nuclear Power Plant in Ukraine. It is the largest nuclear power plant in Europe. As we remember the damage that Chernobyl nuclear power plant caused years ago. We pray for fighting to stop and for urgent repairs around the plant.

*Almighty God,*  
We pray for an immediate end to fighting  
around the largest nuclear power plant in Ukraine.

We pray for the safety of the plant  
and for all its workers.

Amen
